Rate Card

2 January 2025

Delivering for your business

International Business Mail is a service with a range of sorting and delivery options which covers Letters and Large Letters. If sending parcels, please refer to the International Parcels Rate Card and the International Business Parcels User Guide. All Personal Correspondence Letters and Large Letters are detailed in the International Business Mail User Guide whereas Non Personal Correspondence Large Letters can be found in the International Business Parcels User Guide. Once you have selected the options you wish to use, calculate the price using the tables on the following pages.

For more information about International Business Mail and to view the User Guide, please visit royalmail.com/internationalbusinessmail

To view the International Business Mail and the International Business Parcels user guides please visit royalmail.com/international-guides

Four easy steps to calculate your postage cost.

For each pricing option:

- Multiply the number of items by the price per item
- Multiply the total weight (excluding the bag weight) by the price per kg
- Add these two amounts together
- You then need to add the cost of any supplementary services if using Zero Sort Premium.

Please note: surcharges and correction charges might affect your pricing. To check the charges that may apply please visit royalmail.com/surcharges

All items of non personal correspondence (goods, samples, etc.) exported from the UK* require a fully completed customs declaration (CN22/23) and the accompanying electronic advance data supplied from an approved shipping solution. Non-compliant items may be delayed or returned to sender.

*Excludes items sent from Northern Ireland to the EU.

Although correct at the time this rate card was produced (November 2024), postal prices, fees and other conditions are subject to revision from time to time and services may need to be added or withdrawn.
